Rhode Island College Dining Services
Meal Plan Refund Schedule
Fall 2019/Spring 2020

The Dining (Residential Meal Plan) component of the Residential Life and Housing/Dining Contract is an annual contract that covers both the fall and spring semesters. Residents wishing to cancel their Meal Plan will be automatically released provided their cancellation request is received by August 23, 2019 for the Fall 2019 semester. Residents who will be new to housing for the Spring 2020 semester and wish to cancel their housing contract, will automatically be released from their Meal Plan provided their cancellation request is received by the Office of Residential Life and Housing prior to December 1, 2019.

Residents who wish to cancel their Meal Plan after the deadlines above will only be released if they are officially withdrawing from the college, graduating, or studying abroad and have been released from their Housing Contract.

Residents who have been granted release from their Housing Contract and new to housing for the Spring 2020 semester and wish to cancel their Housing Contract may elect to continue with their Meal Plan and will be billed accordingly for the Fall and Spring semesters.

Residents who have been granted release from their Housing Contract and wish to be released from their Meal Plan must submit a written request to Dining Services along with a copy of their approval to be released from the Housing contract. The effective date for release from the Meal Plan will be based upon the later of (1) the date Resident submits their written request to Dining Services with a copy of their approval to be released from the Housing Contract or (2) the last date of Meal Plan usage.
